

SHOWA 7166

The SHOWA 7166 general-purpose gloves feature an impermeable full nitrile coating that protects hands from a range of hazards, including abrasion, oils, and chemicals. A reinforced safety cuff prevents liquid and debris from entering the glove, and a soft cotton liner controls the temperature and wicks away sweat. The smooth surface grip is ideal for dry environments and increased flexibility.

BENEFITS

- Abrasion-resistant
- Flexible
- Impermeable

FEATURES

- Smooth grip
- Cotton Jersey Liner
- Fully Coated Nitrile

NORMS & CERTIFICATES

Cat II

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
